Office hours: 8 a.m. to 4:30 p.m. M-F

#### **Business as usual for Social Development staff** ***We have made it easier to get your IA benefits***

It is business as usual at the Social Development Office. If you are in need of Income Assistance I am able to operate remotely, and will be able to do paper work at a later date. At this time given the circumstances I will process the IA and **no need to complete the slip** until we are open regular hours.

If you would like direct deposit email the slip for those that have access to email. Or call me to make arrangements and stop by the office. For the people that do have a cheque to pick up I will be here at the office to hand out on April 24.

Please do not hesitate to reach me. I realize this is a time of uncertainty and people have many questions and possible confusion; however, I am here to connect with you to answer any and all concerns. I will do my best to connect you with different supports. That is for certain.

**The May cheque issue date is Friday, April 24.**
