Snc'c'amala?tn Summer Day Camp cancelled

Members, the Snc'c'amala?tn Summer Day Camp, held in July and August, has been cancelled as a precautionary measure against Covid-19.

Our number one priority is the health and safety of the children, their families, the greater community and our staff. The Summer Day Camp has many outdoor and sports activities where social distancing would be a challenge as well as two field trips each week where children are all on the bus together.

Thank you for your understanding and we are wishing you and your families good health.
