EOC Update

August 7, 2021

White Rock Lake fire update @ 1:00 PM

Way' Members,

Currently the White Rock lake fire is estimated at 55,000 hectares with 166 BC Wildfire personnel, and 125 Structural protection personnel active on the fire.

Based on an EOC staff member report, the OKIB EOC is happy to report that the fire has not affected any structures on OKIB lands as of 1200 hours.

On a positive note as well, there is the possibility of more localized rain showers later this evening out on OKIB IR1 and 1 to 2 mm tomorrow. Winds tonight in the area expected to get up to 20 to 40 km facing south. The forecast is also calling for up to 5 mm of rain tomorrow in the daytime for our area.

The OKIB EOC continues to monitor the situation as it develops and will provide the Community with more updates as we receive them.
