EOC Update

August 16, 2021

White Rock Lake fire update @ 10:00 AM

Way' Members,

The OKIB EOC will be putting together a fulsome update of all the areas of community effected by the White Rock lake fire last night and will be providing an update when we can confirm the situation on the ground. We do not want to give out inaccurate information so we will be waiting to post until we can confirm the status of OKIB neighborhoods.

Structural protection crews are within community currently and are doing everything they can to save structures. Crews are setting up at structures and guards are being created where possible. The OKIB EOC will continue to monitor the situation and provide a situational update after our briefing at 1100 hrs. We will also be doing an additional live update this evening at 5:00 PM so please also join us this evening which will be live on Zoom. We will have an update from our operations personnel and likely a representative from BC Wildfire as well.
