### EOC Update

August 22, 2021

#### White Rock Lake fire update @ 4:00 PM

Way' OKIB Community,

As many have noticed, we have an increase in fire activity this afternoon. OKIB EOC has confirmed that much of the activity is as a result of the increased winds. To counter this increase, we have 3 helicopters bucketing the fire, as well as a few hand-ignitions while crews are able to respond. Some personnel have been watering the guard lines to ensure containment.

There is an increase in public traffic within the community on Head of the Lake Rd and Westside Rd. Our EOC office have contacted the RCMP on-duty to keep the roadways clear and allow our fire suppression teams clear access to the area.

Our EOC remains activated, alerts and orders are unchanged at this time, crews continue to monitor and respond as necessary.

The OKIB EOC will continue to monitor the current situation and provide updates to community as we receive them.

Limlemt
