RECOVERY UPDATE

October 29, 2021

Site Clean-up Project will begin Tuesday, November 2 ***Watch for signs, be prepared for increased traffic and traffic disruptions***

Way' Members:

The Site Clean-up Project will begin on Tuesday, November 2 and it is planned to be completed by December 23, 2021. Signage will be posted giving notice of the construction zone between the Six Mile Creek Road area and the Mud Hole area. There may be disruptions in traffic flows on Westside Road during this time.

- Progrus Constructors will be mobilizing their team on November 2, you can expect traffic delays due to the transportation of equipment.
- The clean up will begin on November 3 and continue through December.
- The project will include the clean-up of the sites with structural losses, and other sites that require clean-up of burnt cars, and other scrap metal.
- The car crusher is scheduled to arrive on November 15.
- The Band members expecting interim housing units will have sites on their property prepared for the installation of these units.
- The interim housing units will be assembled over the next three weeks, and then transferred to the prepped sites.

Please reduce your speed and watch for workers in the construction zones.
