### **Snow Clearing and Removal Questions or Concerns?**

Way' Members,

Do you have questions or concerns about snow clearing on reserve? Our snow expert is willing to provide answers.

Jay Louis provides snow removal services under contract to the Band and he invites members who have questions or concerns about snow removal to give him a call at 250-306-0636. Jay can explain all about the snow removal program and how it works.

“If you’ve got any concerns at all about snow removal please call and let’s talk,” said Jay. “I want to provide the best service possible to Band members.”
