## **WATER USE RESTRICTION**

### **EFFECTIVE IMMEDIATELY**

The Public Works and Housing team has detected that there is HIGH water consumption and long hours on the pumps/wells resulting in low water levels.

To maintain adequate Fire Protection, Public Works will be putting houses on an odd/even number watering system for alternating watering days.

If your **address ends in an even number, please water on even days;**  
**Odd numbered homes please water on odd numbered days.**

Please water between  
8: 00 PM - 9:00 AM.

This is an honor system and your participation is greatly appreciated.

**WATERING AT HIGH TEMPERATURES IN THE DAY  
IS PROHIBITED.**

**Please conserve water where possible.**

For any further information, please contact PWH Department at  
**250-542-3444**
