Water conservation is important every summer, but this year it's especially important because we're completing major upgrades to the water systems. The 6-Mile water treatment plant will be off-line some days throughout the coming months, and the Irish Creek system has limited capacity. Please follow this calendar for key dates where we need to conserve as much water as possible.

Should there be any changes to the calendar, they will be posted to the OKIB website, so please stay tuned.

Level 1

ODD – Odd addresses water outside on odd days from 6am-9am and 7pm-9pm
EVEN – Even addresses water outside on even days from 6am-9am and 7pm-9pm

Level 2

ODD – Odd addresses water outside on Thursday and Sunday from 6am-9am and 7pm-9pm
EVEN – Even addresses water outside on Tuesday and Saturday 6am-9am and 7pm-9pm

Level 3

Essential use, with outdoor watering of garden and fruit trees only

Level 4

Essential indoor water usage only: toilet, shower, cooking, dishes, etc. No outdoor watering,

These are critical construction days for upgrading of the water treatment plant where we need the community's help to conserve as much water as possible. Thank you!
